PROBLEM STATEMENT

Conventional Fitness Apps

- Most fitness apps track data, but don't create enough motivation
- Generic workout and diet plans
- Existing gamification is mostly streaks and badges

(They never care if you have completed the task or not)

OUR RIVALS

- **CULT.FIT** Come for fitness, stay for subscriptions, classes, and notifications.
- **HEALTHIFY** Count every calorie until you forget why you started.
- **STRAVA** Because apparently your morning run needs a leaderboard.
- **HEVY** Log the workout, admire the numbers, repeat the same grind.
